## Death List Is Reduced.

The result of agitation for a safe and sane "Fourth" has resulted in greatly reducing the list of injured and killed. Last year 181 were killed in this manner and 1,784 injured, while this year only 14 deaths are reported and 284 injured.

Locally there was no demonstration other than a limited display at night, but no injuries are reported. The temperature of the day was high enough to drive people for the cooler places. The thermometer stood near the 100 mark most of the day with little or no air stirring.

## Orr Pond Was Inspected.

The placing of crude oil on the J. R. Orr pond some days ago when thousands of small fish were killed and allowed to become decayed, resulted in an inspection from the State Board of Health's office making an investigation Thursday. Mr. Bair stated that enough fresh water was flowing into the pond to keep down odors and that the water was no worse than what was in the creek.

For years the pond has been used for ice harvest and Mr. Orr claims damages for this purpose.

Oil was placed upon the pond for the purpose of killing the mosquitoes but the investigation revealed the fact that mosquitoes could not be hatched in fresh water and vaults, cess pools and rain barrels breed more of the pesky things than do ponds and creeks.

DRINK ICED

# Bonano

Make it this way:

One teaspoon BONANO to each cup water—let boil two minutes. Let cool off, serve with cracked ice, cream if you like and sweet-to taste.

BONANO to be served iced requires a little longer boil than when served hot, as by adding ice the strength is reduced.

Many people like iced BONANO with a little lemon juice added.

# Season - End Sale

Thousands and Thousands of Dollars Worth of the Very Choicest of Spring and Summer Merchandise Offered without a Thought of Profit, with an Entire Disregard for Cost

Thursday, July 6, is the day and date hundreds have been looking forward to for it marks the opening of the biggest bargain event that is held each season in Dayton. July 3rd is practically the last day of the season when goods are sold at a profit. After that date, the purpose uppermost in our mind is the cleaning-up of our entire stocks by disposing of every dollar's worth of goods bought for this season's business. From now on it is "GET RID OF THE STUFF" and get rid of it we will, by offering the greatest values you have ever feasted your eyes upon. Every department in this big store is included in this monster Season-End Sale, and every item in every department is shorn of all profit to make this the greatest of all sales we have ever held.
